

KID KRANT.

## KID KRANT AND LARRY GORDON ARE BOTH HERE

Kid Krant will arrive this morning accompanied by his retinue of trainers and his manager, Jack Osborne, and will work out this afternoon at 3 o'clock at the Big Casino. Larry Gordon will commence training at 2 o'clock and when he finishes his round of stunts, the Seattle wonder will make his first appearance. This is the first chance during the training for the coming match that the people of Tonopah have had to watch Krant train, and a large number will undoubtedly be present so as to get a line on the scrappers. He

will box with Willard Bean and Kid Crawford and go through the daily line of exercising.

Promoter James Kelly will have a direct wire to the ringside giving the results of the Papke-Ketchel fight, which occurs at the same time in San Francisco. The returns will be read between rounds.

A great number of tickets have been sold and orders are coming in daily from all the outside camps. A special train will be run from Goldfield, leaving that city at 11:30 o'clock. The tickets are on sale at the O. P. saloon and the Big Casino.

## REAL INVASION OF FAT TURKEYS

Probably the largest shipment of turkeys ever brought to this city was received yesterday by the T. & G. meat market, from the growers at Bishop, California, for the Thanksgiving trade, and the market was doing a big business selling the birds Monday afternoon. There are big turkeys, little turkeys—all kinds of turkeys, and the most striking thing about them is that they are all in the finest condition imaginable, fat, plump, and fine of color. The birds are grain fed, and that is the secret of their fine condition. And Thursday's Thanksgiving day. Turkey, cranberry sauce, mince pie, pumpkin pie—hooray!

Good things to eat at the Mizpah grill. Service unexcelled. 11-24-6t

## AN INJUNCTION CASE IN COURT

In the case of the Manhattan Ore Reduction and Refining company versus the Manhattan Dexter company of Nevada, Milo Plamanax et al., the hearing of an injunction, occupied the district court yesterday afternoon. The plaintiff has obtained an injunction against Plamanax and stopped him from working on his lease in Manhattan, and the hearing was for the purpose of dissolving or restraining the injunction. The case was continued until 10 o'clock this morning, as all the testimony was not in at the time court adjourned. The plaintiff is represented by McIntosh and Cooke, while Campbell, Metson and Brown, Berry and Cole, and J. A. Saunders represent the defendants.

The City bakery is now open from 6 a. m. to 8 p. m. Mizpah grill open all night. 11-24-6t

## FIRE DEPARTMENT HAD EARLY CALL MONDAY MORNING

The residents of Tonopah were awakened yesterday morning shortly after 3 o'clock by a terrific explosion, caused by an ignition of gasoline in the oil house of the Tonopah Mining company. The building was of corrugated iron and the force of the explosion threw the iron sheets in all directions. Immediately following the explosion the place became a mass of flames and an alarm of fire was turned in. The members of the fire department and the volunteers responded quickly, and with the help of several of the mining company employees soon had two streams of water from the company's hydrants in action, and inside of fifteen minutes the conflagration was out.

The cause of the fire is unknown and as the employees of the company are certain that it was not caused by spontaneous combustion, has led many to believe that it was the work of an incendiary. The approximate values of the building and the con-

tents destroyed is believed to be nearly \$600, although no definite figure could be obtained from the officials of the mining company, as they have not completed the checking of the books.

As showing risks to life and limb which are taken by the firemen, both paid and volunteer, during the latter stages of the fire, and after the oil house had been a seething furnace for some minutes, the firemen worked all through the ruins of the structure quenching the last embers and small flames. On Monday, and right under where the firemen had been working, fifteen cases of gasoline, or 150 gallons, were pulled out of the mass of debris. This gasoline must have been heated to near the exploding point during the fire, and had it exploded more than one life would have been lost. Some of the fire boys will probably never be nearer sudden death than when working on that oil house fire.

## A HARD-LUCK CROWD AT THE EAGLES' DANCE

There was one hot array of patches, last year's garments and long lost bonnets presented at the Eagles' hard-times ball last evening, at the Miners' Exchange hall. The grand march, which was led by Mr. and Mrs. Alex A. Dewar, had an appearance that would have made Coxe's army take to the tall pines. There was every sort of imaginable cast off clothing presented and had any weary hobo, who had traveled from New York on the beams, presented himself he would have been able to dance till early this morning, when the tired dancers sought their homes.

The hall was crowded to its utmost and with the superb music and elegant floor every one enjoyed himself to the utmost and it was with a bit of regret that the last waltz was danced.

SALT LAKE CITY, Nov. 23.—Inhaling noxious gases and poisonous powder dust while in search of the bodies of two Indian miners who had succumbed, three men composing a rescue party gave up their lives in a shaft at the Upper Copper mine at Ingham Junction tonight.

## AUTO RACERS WERE SPEEDING ON NEW COURSE

Four of the local automobiles journeyed out to Antelope Sunday, and while they did not participate in the races the occupants had a fine time. There were a number of races between Goldfield autos and considerable small change changed hands on the results. One of the beauties of this course is that the car can be seen the entire distance around the course which has been laid out by the Goldfield auto men, which is a distance of about twelve miles. A number of Goldfield cars were present and every one who has seen the huge dry lake declares that it is one of the most wonderful amphi-theatres for auto racing in existence.

The attendance at the coming Sunday's racing will undoubtedly be more than double and it will not be long before suitable prizes will be offered the racers.

### MEXICANS FETE BRYAN.

MONTEREY (Mex.), Nov. 23.—William Jennings Bryan and wife arrived in Monterey today. They have already been the recipients of much attention and several entertainments have been arranged in their honor.

### Our Business is Banking

The sign "Bank" does not make a bank and is often misleading. It requires time, energy, close attention to business, a substantial capital and ripe experience in banking to make a bank. We claim, without blushing, all the essentials necessary to make our business that of banking, and tender our patrons a service thoroughly seasoned by years of experience, backed by a substantial capital and a large surplus.
